BOMBAY SANITARY INSPECTOR'S CERTIFICATE— RECOGNITION OF

175. Mr. C. V. Iyyu (Kunnamkulam): Will the Government be pleased to state.—

(a) whether they reconsidered their original decision not to recognise the Bombay Sanitary Inspector's certificate as promised by the Hon'ble Minister in the last budget session;

(b) if so, their final decision in the matter?

Mr. P. V. Raphael (Joint Secretary to Government):

(a) and (b) Government have recognised the Bombay course of training for Sanitary Inspectors.

PERCENTAGE OF MORTALITY—TRICHUR TOWN

176. Mr. C. R. Iyyunni (Trichur-South): Will the Government be pleased to state the percentage of mortality in the town of Trichur for the year 1116; do the Government think that the number of deaths shown in the third quarter of 1116 is correct?

Mr. P. V. Raphael (Joint Secretary to Government): The percentage of mortality for 1116 was 1.2. The number of deaths for the third quarter of 1116 cannot be claimed to be correct as there was no full time Registrar of Vital Statistics for the Municipality in 1116.

Mr. C. R. Iyyunni (Trichur-South): May I know what is the percentage of mortality for the third quarter of 1116?

Mr. P. V. Raphael (Joint Secretary to Government): I have not got the information here.

Mr. C. R. Iyyunni (Trichur-South): Are not the vital statistics maintained even though there may not have been the registrar?

Mr. P. V. Raphael (Joint Secretary to Government): Yes, they have been maintaining and publishing these statistics in the Gazette.

Mr. C. R. Iyyunni (*Trichur-South*): Is there not a considerable disparity in the figures given for the third quarter?

Mr. P. V. Raphael (*Joint Secretary to Government*): My information is that there is disparity.

Mr. C. R. Iyyunni (*Trichur-South*): May I know whether the Government has noted that there is considerable disparity between the figures for the various quarters?

Mr. P. V. Raphael (*Joint Secretary to Government*): Yes. In the year 1116 these figures were not accurately verified. The Commissioner himself reported about this fact to Government and the defect has been rectified from the beginning of 1117.

Mr. C. R. Iyyunni (*Trichur-South*): May I know whether any enquiry has been set on foot to ascertain who is responsible for this incorrect figure?

Mr. P. V. Raphael (*Joint Secretary to Government*): It was mainly due to the absence of a registrar of vital statistics, and that deficiency has now been supplied from the beginning of this year.

Mr. C. R. Iyyunni (*Trichur-South*): May I know whether there was not some officer who was responsible for this in the absence of the registrar?

Mr. P. V. Raphael (*Joint Secretary to Government*): No one was specifically appointed for this purpose, and that was the principal cause for this defect.

Mr. C. R. Iyyunni (*Trichur-South*): May I know whether there was any "N.B." or anything like that to show that the figure was not correct, in the report submitted by the Commissioner?

Mr. P. V. Raphael (*Joint Secretary to Government*): I made an enquiry on receipt of the question and then he has submitted a report saying that the statistics submitted are not correct.

Mr. C. R. Iyyunni (*Trichur-South*): My point is whether Government have noted that there is such a variation in the figure supplied by the municipality?

Mr. P. V. Raphael (*Joint Secretary to Government*): No, I did not notice it.

Mr. C. R. Iyyunni (*Trichur-South*): Who is the person responsible to note if there is such a variation in the figures supplied by the municipality?

Mr. P. V. Raphael (*Joint Secretary to Government*): I want notice for that.
